# ABOUT US

A new breed of **thinkers**,  
driver to **create**

“We aspire to become a leader in advancing businesses through digital means. Customer satisfaction, openness, innovation, teamwork and growth, are the core values behind our company, and continue to reflect who we are, how we work, and what we strive for”.

**Sevan Kechichian**  
CEO & Founder

*Today, SAVEN is a unique consulting company combining it's unmatched scale, global reach, and end-to-end PM / PMO value-adding range of services. SAVEN supports R&D, IT and Transformation projects for our industrial, public sector and financial services customers who rely on us.*

## OUR DNA

#ENGAGEMENT

#EXCELLENCE

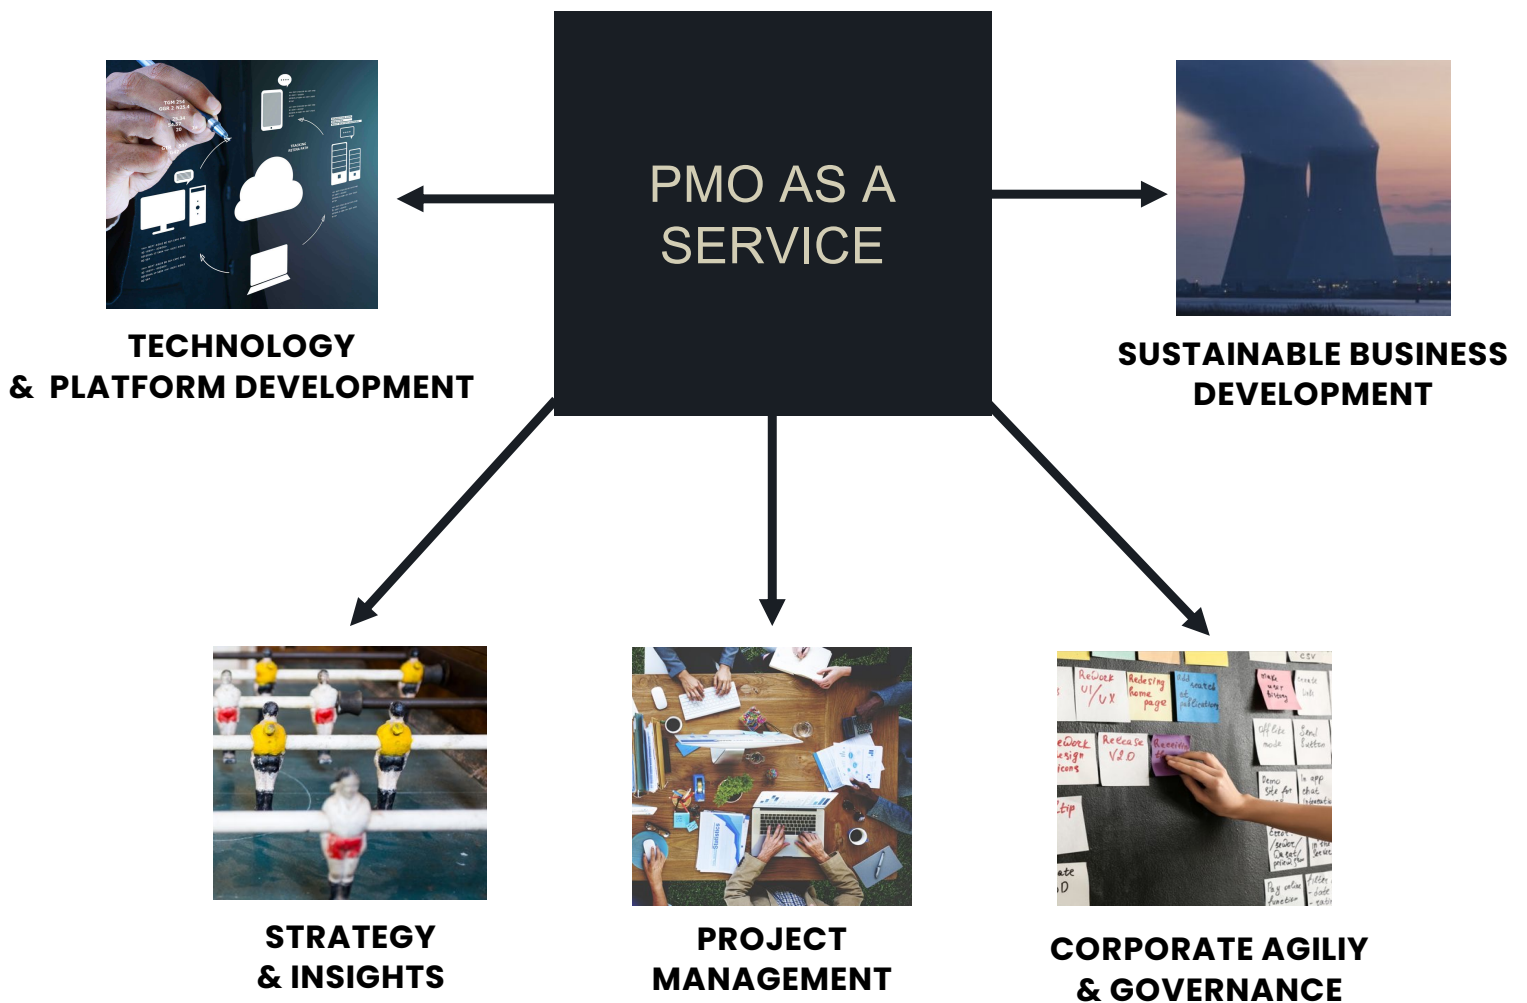

#TEAM WORK

We're inspired by our clients and work to advance their business by innovating everything digital. We're endless innovators, constantly looking for new ways to connect the dots and connect people. We become part of your team, true partners with a sustained commitment to your business goals. Always looking to take an experience-led approach to helping brands understand the role digital can play in realizing strategic opportunities, solving real-world business problems and, delivering tangible and measurable results.

# WHAT WE DO

The craft of blending project with flawless execution

We are a full-service consultancy that partners with your enterprise to inspire possibility. Working with your business to break new ground together.

# WHY JOIN US ?

Enhance your talent with...

## A RICH **EXPERIENCE**

As a consultant with SAVEN, you will have the opportunity to connect with diverse colleagues, collaborate on fascinating challenges, and learn and share within our global community.

Seize the opportunity to enhance yourself, by acquiring new skills, add value, and strengthen your resume.

.

## A GREAT COMPANY **CULTURE**

We believe that being empowered makes us happier and more effective.

So become an “intrapreneur” in a dynamic and open environment. Leverage your passion and knowledge to innovate, transform, and help each other.

We are committed to building the company we want to work for.

.

## A STRONG TEAM **SPIRIT**

We take pride in our team spirit and want every employee to be part of our global team. We like working together, transforming together, innovating together. We share a consistently successful track record in our delivery and our growth.

It all starts with a mindset. So our team spirit doesn't just stay at work: we love to keep active in sporting challenges, support charitable causes and build communities of practice.

That's why we are truly interested in authentic people and believe in teams in which the individual's unique talents are able to flourish with the support of each other.

## A PERSONAL **DEVELOPMENT MAP**

You are in control of your professional development. Develop your skills through tailor-made training courses and multiple business projects.

Manage your development transparently and explore our opportunities both locally, and abroad. Get involved and boost your professional development!
